**Ar. POOJA UGRANI**

**Thesis Guide  
(Asst. Professor)**

**External Examiner 1**

**External Examiner 2**

**External Examiner 3**

## **ACKNOWLEDGEMENT**

I have taken efforts in the project. However, it would not have been possible without the kind support and help of many individuals and institutions. I would like to extend my sincere gratitude to all.

I would like to express my gratitude to my guide Pooja Ugrani Madam, for the useful comments, remarks and engagement through the learning process of this thesis. Furthermore, I like to thank all the participants in my studies and surveys, who have willingly shared their precious time during the research period.

I would like to express my gratitude towards my loved ones, who have supported me throughout the journey, both by keeping me well balanced and helping me to put the pieces together. I will be grateful forever for your love.

## **SUMMARY**

“The shame and stigma associated with mental illness, still looms large, say experts. Clinical psychologist Seema Hingorrany, reiterates, "Fundamental resources for handling mental health facilities are lacking big time here. In the entire country, only a handful of psychologists, are trained and researching on severe trauma cases."

Therefore the significance to develop better infrastructure for psychiatric rehabilitation with adequate facilities and ensuring availability of trained psychiatrists round the clock is high.

The project ensures that the future generation of the country will be mentally healthy by providing them adequate infrastructure facilities and proper treatments in the right way, at the right time,
