ACKNOWLEDGEMENT

I would like to thank my thesis advisor Prof. Anjana Biradar at Acharya's NRV School of Architecture. The door to Prof. Anjana's office was always open whenever I ran into a trouble spot or had a question about my design or writing. She consistently allowed this design to be my own work, but steered me in the right the direction whenever she thought I needed it.

I am also very thankful to my parents for providing me all that was necessary, my father especially, for guiding me in the project, his extensive knowledge in the field of construction. I must express my very profound gratitude to them, this accomplishment would not have been possible without them. Thank you!

NUPUR PATEL
