ACKNOWLEDGEMENT

I am greatly indebted to my guides Prof . Ashwin Balsavar and Ar. Padmaja Mohanakrishnan for their valuable guidance, advice, constant support and constructive criticism during the various stages of the formulation of the project.

I am also thankful and would like to express my sincere gratitude to the Dean Prof. Shiraz Zaidi for his support and encouragement during the thesis work.

I would like to thank all the panel guides for their guidance, support and constructive criticism during the various stages of formulation of the project.

This work would not have been possible without the blessing and constant moral support of my parents, brothers and sister.

Thanks to all my friends and thanks are due to the faculty and staff of Acharya's NRV school of Architecture for their Moral support and encouragement during the project work.

Finally , I would like to thank all those who have contributed directly or indirectly while carrying out this thesis project.
