ACKNOWLEDGEMENT

Throughout the writing of this dissertation I have received a great deal of support and assistance.

First and foremost, I express my gratitudes to the God for protection and health during this pandemic situation across the world.

I would first like to thank my thesis guide, **Ar. Pradipta Roy Choudhury**, whose expertise was invaluable in the formulating of the thesis topic and methodology in particular.

I would like to acknowledge **Ar. Mallikarjun Naralasetty**, who along with Ar. Pradipta Roy Choudhury mentored and supported me greatly and were always willing to help me and for all of the opportunities I was given to conduct my thesis.

I would also like to thank all the staff of Acharya NRV School of Architecture, Bengaluru, for their valuable guidance all these years. They provided me with the tools that I needed to choose the right direction and successfully complete my dissertation.

In addition, I would like to thank my parents for their moral support during this pandemic. I specially want to thank my brother for providing his time and gadgets for successful completion of my thesis. You all are always there for me.

Finally, there are my friends, who were of great support in deliberating over our problems and findings, as well as providing happy distraction to rest my mind outside of my research.
