wall – 150 mm including plaster

ABSTRACT

An Apartment or flat, is a self-contained housing unit that occupies only part of the building with amenities such as car parking, gym, etc. These days, people prefer flats or apartments to suit their lifestyle and live amidst a community. My project is to design the interior of an apartment space. The theme chosen is a Contemporary Scandinavian style which is minimalistic, simple and focuses on functionality. It includes use of natural materials such as leather and wood and contemporary interior design showcases texture, clean lines and focuses on space rather than objects. So, a combination of this can make a great interior together.

FLATS IN IT EACH, FOURTH FLOOR IS A PENT HOUSE,
ADDITIONAL DESIGN IS TERRACE

PLAN WHICH I INCLUDED . FOR

THE FIRST THREE FLOORS THE DESIGN CONCEPT FOR INTERIORS IS SCANDINAVIAN WHICH IS – MINIMALISTIC STYLE, MODERN DÉCOR FEEL WARM AND INVITING, IT EMPHASIZES CLEAN LINES, SIMPLE FURNISHING THAT ARE FUNCTIONAL, BEAUTIFUL AND COZY. THE FOURTH FLOOR DESIGN CONCEPT IS CONTEMPORARY INTERIOR WHICH IS-

SIMPLICITY, SOPHISTICATION, DELIBERATE USE OF TEXTURES AND CLEAN LINES. THINGS THAT ARE MODERN AND CURRENT WITH THE STYLES OF THE MOMENT .
