ABSTRACT

"A STUDY TO ASSESS THE KNOWLEDGE ON BREAST SELF EXAMINATION AMONG 3RD YEAR B.SC NURSING STUDENTS AT SMT. NAGARATHNAMMA COLLEGE OF NURSING, BENGALURU."

Background:

Objectives:

- To assess the knowledge of 3rd year B.sc nursing students regarding breast self-examination.
- To create awareness regarding the importance of Breast Self-Examination among 3rd year B.SC nursing students.

Method: Descriptive approach was used to collect data from 30 subjects selected by convenient sampling technique through non probability sampling approach consisting 2 sections.

Section A: Demographic variable consisting of 6 items.

Section B: Structured questionnaire for assessing knowledge level consisting of 30 items.

Result: The majority of respondents had adequate knowledge on breast self-examination.

Overall mean percentage of knowledge score is 10%
