ACKNOWLEDGEMENT

First and Foremost, I would like to express my sincere gratitude to my guide Prof. Mallikarjun N for the continuous support of my thesis study and research, for his patience, motivation, enthusiasm, and immense knowledge. His guidance helped me in all the time of research and writing of this thesis.

I would like to express my sincere appreciation and gratitude to our Dean, AS Arch for giving us inspiration and support that was required.

I also express my sincere appreciation and gratitude to Prof. Priya Joseph, thesis co-ordinator for her steadfast encouragement for her valuable insights.

I would like to thank our library staff for providing me all the valuable information and co-operation in the completion of my thesis successfully.

Last but not the least, I would like to thank my family and friends for their constant support and understanding during the course of this project.
