ACKNOWLEDGEMENT

I am honored to express my gratitude and appreciation to everyone who has contributed to the successful completion of my thesis.

First and foremost, I would like to express my heartfelt gratitude to my thesis guide Ar. Archana Yadav for her valuable guidance, unwavering support, and endless patience throughout this process. Constructive feedback and insightful comments have been instrumental in shaping and refining my research.

I am also grateful to the faculty members who have generously shared their knowledge and expertise with me. Their lectures, discussions, and feedback have enriched my understanding of the subject matter and broadened my horizons.

Furthermore, I would like to express my appreciation to my friends for their encouragement, motivation, and inspiring discussions. Their constructive criticism and insightful feedback have helped me to refine my ideas and develop my arguments.

I am grateful to everyone who has contributed to the completion of my thesis, and I hope that my work will contribute to the advancement of knowledge in the field of architecture.
