Dipanwita Das

ACKNOWLEDGEMENT

First and foremost, I am grateful to my supervisor, Harsha j , for providing me with the necessary guidance, motivation and feedback throughout this research journey. Their valuable insights and knowledge have been instrumental in shaping my ideas and helping me to refine my research methodology.

I would also like to thank the staff and management of various jute mills who provided me with the necessary data, information and insights on the challenges and opportunities facing the jute industry. Without their cooperation and assistance, this research would not have been possible.

Finally, I would like to thank all those who have contributed in any way towards the success of this research project. Your efforts have been greatly appreciated and have made a significant impact on the final outcome.

TABLE OF CONTENTS

1. INTRODUCTION

1.1 . Background of jute industry

1.2 Current situation

1.3 Future of the industry

1.4 Problem identification

1.5 Synopsis

1.5.1. Aim

1.5.2. Objective

1.5.3Scope

1.5.4. Limitation

2. SITE IDENTIFICATION

2.1. Existing mills

2.2. mill classification

2.3. identifying the suitable mill for redevelopment

3. CASE STUDY

3.1. redevelopment of girangaon

3.2. aranya township

3.3. the pearl district revitalization project

4. SITE ANALYSIS

4.1. Location

4.2. land use

4.3. figure ground

4.4. building use

4.5. building hight

4.6. building age

4.7. morphological transformation

4.8. inferences

4.9. block level proposal

4.10. site selection

5. AREA STATEMENT

6. CONCEPT

7. ZONNONG

8. PLANS, SECTIONS AND ELEVATIONS

9. RESULT/ ANALYSIS / CONCLUSION

10. REFERENCES / BIBLIOGRAPHY
