ACKNOWLEDGEMENT

Firstly, I would like to express my deepest appreciation to my thesis advisor, Ar. Archana Yadav. Her unwavering support, encouragement, and constructive feedback throughout my research and design have been instrumental in my success. I would also like to thank Prof. Ar. Sanjyot Shah, Principal, for creating an academic environment that has nurtured my skills and allowed me to grow as an architect.

I cannot thank my friends, Sneha, Bibhuti, Sathwik, Rabindra, Ashish and Niraj, enough for their constant encouragement, support, and patience. They have been a significant source of strength and motivation during both the highs and lows of this interesting journey.

Lastly, I would like to extend my heartfelt appreciation to my parents. Their unwavering love, support, and sacrifices have been the driving force behind my success. Their belief in me, and the encouragement they have given me throughout my life, have been invaluable.

In conclusion, I am immensely grateful for the support and guidance of my thesis advisor, principal, friends, and parents throughout my Architecture Undergraduate Thesis project. I couldn't have achieved this without their contributions, and for that, I am forever thankful.

Parth Sanjay Popat,
