ACKNOWLEDGEMENT

We express our sincere thanks to almighty god for his grace, his kind help and blessing throughout the study. His felt presence gave us strength to complete this project successfully. We are deeply privileged and greatly honored to express our heartiest gratitude to professor Devi Nanjappan, Principal of Smt. Nagarathamma College of Nursing, Bengaluru 107, for the constant support and encouragement in helping to complete our research study.

Our sincere and whole hearted gratitude to our guide Ms. Geeta, Lecturer professor of Department of Obstetrics and Gynecological Nursing, Smt. Nagarathamma College of Nursing, Bengaluru, for her invaluable constant support, guidance and for enlightening us with various ideas and information while doing this project.

We are proudly indebted to all the teaching faculties of Smt. Nagarathamma College of Nursing for their kind cooperation, invaluable suggestions and constant support for improving our knowledge to conduct our research study.

We are grateful to all the supporting staff and librarian for their kind cooperation while conducting research project.

We are grateful to principal of Smt. Nagarathamma College of Nursing for allowing us to conduct research in her institution.

We thank our parents for their continuous blessings and constant support for always being there for us.

Lastly, we would like to express our hearty thanks to mates who helped us to make this research possible.

ABSTRACT

Title- "A study to assess the knowledge on Urinary tract infection regarding its prevention and management among the 1ST year B.Sc. nursing at Smt. Nagarathamma College of Nursing, Bengaluru."

Keywords:

Urinary tract infection; Nursing students; Video assisted teaching programmed.

Aims and objectives:

- 1) To assess the level knowledge on Hyperthyroidism.
- 2) To assess the effectiveness of video assisted teaching on prevention of Hyperthyroidism
- 3) To find the association between the post-test knowledge score with selected demographic variables.

Method:

Convenient sampling technique.
