ACKNOWLEDGEMENT

We express our sincere thanks to almighty god for his grace, kind help and blessing throughout the study. His felt presence gave us strength to complete this project successfully. We are deeply privileged and greatly honoured to express our heartiest gratitude to Prof. Devi Nanjappan, Principal of Smt. Nagarathnamma College of Nursing, Bengaluru, for the constant support and encouragement in helping to complete our research study.

Our sincere and whole hearted gratitude to our guide Prof. P. Snehalatha Reddy, Academic coordinator, Department of Medical Surgical Nursing of Smt. Nagarathnamma College of Nursing, for her invaluable constant support, guidance and for enlightening us with various ideas and information while doing this project.

We are proudly indebted to all the teaching faculties of Smt. Nagarathnamma College of Nursing for their kind cooperation, invaluable suggestions and constant support for improving our knowledge to conduct our research study.

We are grateful to all the supporting staff and librarian for their kind cooperation while conducting research project.

We are grateful to our Principal, Prof. Devi Nanjappan, Smt. Nagarathnamma College of Nursing for permitting us to conduct the research study in the institution.

We thank our parents for their continuous blessings and constant support for always being there for us.

Lastly, we would like to express our hearty thanks to our friends who helped us to make this research possible.

ABSTRACT

Title- “A Study To Assess The Effectiveness Of Structured Teaching Programme Regarding Importance Of Organ Donation Among Nursing Students In Selected nursing College, Bengaluru.”

The shortage of organ donors remains a critical challenge in health care systems worldwide. Educating future healthcare professionals, particularly nursing students, on the importance of organ donation is essential to addressing this issue. This study aims to assess the effectiveness of a structured teaching programme on the importance of organ donation among nursing students.

Keywords:

Organ donation, Structured teaching programme, Nursing students.

Aims and objectives:

1. To assess the knowledge of organ donation among the subjects.
2. To assess the effectiveness of structured teaching programme among BSc Nursing (4th semester) students by conducting pre-test and post-test.
3. To find the association between the pre-test and post-test knowledge score with selected demographic variables.

Method:

Purposive sampling technique

TABLE OF CONTENT

CHAPTER NO.	CHAPTER TITLE	PAGE NO.
1	Introduction	1-2
2	Need for the Study	3-5
3	Objectives	6-8
4	Review of Literature	9-16
5	Methodology	17-23
6	Results	24-30
7	Discussion	31-32
8	Conclusion	33-35
9	Summary	36-38
10	Bibliography	39-42
11	Annexure	43-67

LIST OF TABLES

TABLE NO.	TABLE NAME	PAGE NO.
1	Frequency and percentage distribution of respondents according to the Age of respondent.	26
2	Frequency and percentage distribution of respondents according to the religion of the respondent.	27
3	Frequency and percentage distribution on source of knowledge.	28
4	Mean, median and range for pre-test knowledge regarding importance of Organ donation.	29
5	Mean, median and range for post-test knowledge regarding importance of Organ donation.	29
6	Comparison between Pre-test and Post-test result.	30

LIST OF FIGURES

FIGURE NO.	FIGURE TITLE	PAGE NO.
